Goal of CWTP

For participating students to gain the skills needed for competitive integrated employment before exiting high school:

- Competitive – equal or greater pay as other employees just hired in same position and at least minimum wage
- Integrated – working alongside people without disabilities and not exclusive for individuals with disabilities
- Employment – Employed before they exit/graduate high school

10

Differences between CWTP and other school Transition programs

- Schools must have current CWTP contract – every year
- CWTP has own referral form: preferably at end of 8th grade (age 14 at least) or beginning of 9th grade
- Pre-employment transition services can be individual or groups up to 4
- We want these Students to apply for OVR services beginning Junior year or year prior to exit
- We want these students to have Comprehensive Vocational Assessment (by School's CWTP Employment Specialist)

11

Differences between CWTP and other school Transition programs (cont.)

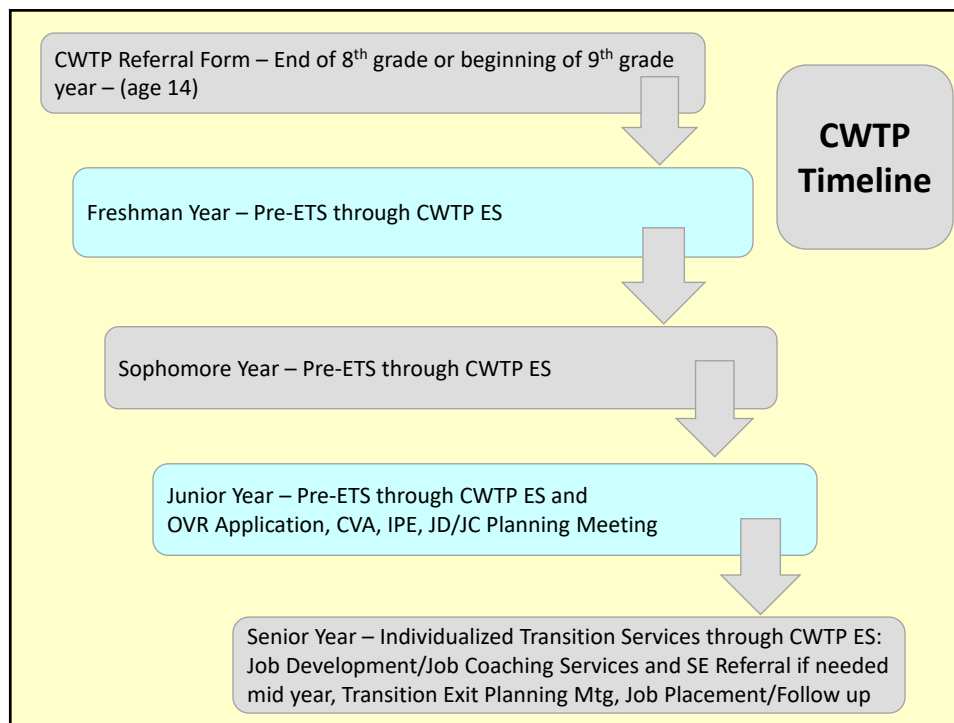

- CWTP student should be in IPE (OVR) status around mid Junior year
- CWTP provides individualized Transition services
- CWTP Employment Specialist (ES) works for local school
- Specific to employment outcomes: we want them to be employed before they exit/graduate high school

12

Points of Emphasis:

- Target population – Students with significant disabilities. A significant disability is presumed for those receiving Social Security benefits. For all others, to be considered significantly disabled, an individual is expected to require multiple vocational rehabilitation services.
- Referral for Pre-ETS flows into application process for VR services
- Individual Transition Services:
 - Job development
 - Job coaching

13

14

Who should be referred to CWTP?

Student must:

- Be in secondary school
- Be age 14 through 21
- Have a significant disability
- Be interested in employment before and after they exit high school
- Want to work with an Employment Specialist
- Have time in their schedule to participate fully

15

CWTP Referral Process

- The school district will have a transition meeting for every student with IEP at age 14 (8th grade or of 9th grade)
- Transition will be discussed
- OVR Counselor Can be invited
- CWTP should be discussed and chosen if most appropriate at that meeting
- School should have CWTP referral form completed and signed
- School should send CWTP referral with support documentation to local OVR end of 8th or beginning 9th grade

Guidelines for Providing Virtual CWTP Services

- Virtual communication

- Please keep in mind that the CWTP are unique services. All services should go above and beyond what school typically provides
- The key is finding the ones that keep your CWTP students engaged.
- Verify services
- Many lessons can be converted to a virtual format, but some may not.
- Keep in mind that all activities that are virtual must be related to employment
- Preparation and planning are crucial to the activity success

19

Guidelines Cont.

- Recorded lessons (DVD, YouTube, or other video type recording)
- Appropriate virtual games for CWTP students must not be only activity each week
- Must provide CWTP Pre-ETS and Transition services to meet the unique needs of each student
- Everything still needs to link to employment
- All activities are with CWTP ES present for questions and discussions throughout activity, and through approved virtual communication.

20

Guidelines Cont.

- **CWTP Transition Services:**

- Modified Vocational Assessment can be used during COVID-19 restrictions. This will **NOT** be accepted if schools are providing in-person services.
- Job Development/Job Coaching Planning Meeting
- Job Development/Job Coaching monthly Activities
 - Essential Services for individuals are those services that are required in order for an individual to obtain and maintain their employment.
 - These must be VR Counselor approved prior to providing services.
- Transition Exit Planning Meeting.
- Job Placement and Employment Follow Up Transition Services

21

Guidelines Cont.

For **students without Technology access:**

- CWTP ES can mail CWTP Packets to student, or pick up/drop off options may be available through local school/CWTP ES
 - The student must not be expected to complete and return packet on their own
 - Phone calls should only be utilized if the student does not have access to internet and/or technology outside of the school building
 - Packets can contain, paper copy of activity, game, questions, answer sheet, list of skills, jobs, question prompts, personal journal pages, practice application sheets, mock interview questions and answers, job descriptions, employer information, and/or any other documents that the ES will be using during activities.

22
